Re: Notice of File Closure for Small Mining Activities, Sundance Mining Company, Inc., Snake Valley Lode, S/041/018, Sevier County, Utah

Dear Mr. Terry:

This letter is to notify you that file #S/041/018, for the Snake Valley Lode project, located in Sevier County, Utah, will be retired from our files.

The Division inspected the project area on October 14, 1999 per your request to inspect and close the file. No evidence could be found that would indicate that this project was ever started. As this project was to be located on a state lease, we contacted the School and Institutional Trust Lands Administration (SITLA). They informed us that the state lease (ML-45665) for this project had been canceled several years ago for nonpayment of fees. SITLA concurs with this Division that this file can be closed.

You will not have to submit the \$100.00 annual permit fee. If you wish to conduct any future mining related activity in this area, you will have to obtain a new lease, submit a new notice to the appropriate agency(s), pay the Division permit fees, and receive written approval(s) prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.

Lynn Kunzler
Senior Reclamation Specialist
